

Notebook

Late September —	met with Dr Huang and the group to discuss the project, after the meeting I had the idea of making the project focus on sports analytics
Early October —	met with team and planned for presentation, made slides
October 20 —	completed proposal report with team
October 12 —	proposal presentation, personally, I did not do well
Late October —	conceptual planning with the group, discussed pros and cons between the different concepts
Thanksgiving break —	team met to finalize design choices, make slides for upcoming presentation, personally worked on some mockup designs for the website
November 30 —	project design presentation, I did a lot better this time around
December 14 —	preliminary design report completed by the group
December 15 —	this notebook completed
